"Foreign parts" are no longer foreign in the old meaning of the term. Europe, Africa, Asia, are "next door" to us. What happens there to-day we know to-morrow—if we read **THE CHICAGO RECORD**, whose Special Cable Correspondents are located in every important city in the world outside of the United States. No other American newspaper ever attempted so extensive a service; and it is supplemented by the regular foreign news service of The Associated Press. For accurate intelligence of the stirring events which are shaking the nations—of wars and rumors of wars—of the threatening dissolution of old governments and the establishment of new—the one medium of the most satisfactory information is the enterprising, "up-to-date" American newspaper, **THE CHICAGO RECORD**.

## HAS NATURE WARNED YOU?

Nature herself, clad in the early garbs of spring, blossoms forth trees and flowers causing the despondent chord to vibrate to this, the most delightful of all, springtime and how do you feel? Have you that sickly, shaky feeling the forerunner of Chills, Malaria and Typhoid Fever? If so, you must not pass this warning as it is an indication of sickness; avoid this, consult us as our advice costs you nothing. Call on your druggist and procure a bottle of Dr. Caldwell's German Liver Powder. Take one dose a day at bed time for six days, then follow by procuring a bottle of Yucatan Chilli Tonic, following the directions and after two weeks' course of these two great remedies, you will feel like the flowers look in the spring. Prepare yourself for the malarial or hot season when the atmosphere is full of germs. If necessary and when your system warns you, repeat the above. These Remedies in stock and sold by

Never Known Chamberlain's Colic, Cholera and Diarrhoea Remedy to fail.

A boy at Jonesville, Va., was killed by lightning while talking over the telephone.

Troublesome to the Army.

During the civil war as well as the late war with Spain diarrhoea was one of the most troublesome diseases the army had to contend with. In many cases it became chronic and many old soldiers still suffer from it. Mr. David Taylor of Wind Ridge, Greene Co., Pa., is one of these. He uses Chamberlain's Colic, Cholera and Diarrhoea Remedy and says he never found anything that would give him such quick relief. It is for sale by R. C. Hardwick.

Thomas Mulligan, who murdered a tramp near Covington, was sentenced to life imprisonment.

PEPSIN SYRUP CO.

Dear Sirs:—I feel it my duty to write to you and let you know how much good your medicine has done for me. Twenty-three years ago I was taken with some kind of stomach trouble and I tried everything I heard of. They did me but little good. Three years ago neuralgia set in on me and I got so poor and weak that I could hardly walk—couldn't work any. My husband received a book through the mail, advertising your medicine, and he sent our little boy to the drug store to get one of your ten-cent bottles. I began to use it. It is strange to say, but it's the truth, the second dose I took gave me lots of relief. I kept on using it for nearly a year and I am as strong as I was before and can do any kind of work. I recommend it to all for it seems to me it would cure anybody. I have gotten others to use it and they say Dr. Caldwell's Syrup Pepsin has done them much good. God bless Dr. Caldwell and his medicine for doing me so much good.

Yours Truly

## ADLAAS A STORY TELLER.

### The Vain Search of a Thirsty Man in a Prohibition Town.

Adlai Stevenson is a better Democrat even than he is a story teller, though in the latter role he comes second to but few. Members of the Iowa state bar association recall with pleasure Mr. Stevenson's appearance at a banquet given by that organization in Sioux City last year. The nominee for Vice President was at the time stopping there at the home of his sister, Mrs. E. S. McCaughey. He was invited to attend the banquet and was quite the lion at the feast, at which no wine was served, and when he was called upon by James O. Crosby, of Garkaville, Iowa, president of the association and toastmaster for the occasion, he arose and remarked that, inasmuch as he was not prepared to make a speech, he would tell a story. The story was about a man who went to a small prohibition town in the state of Maine and while there was seized with a great, abiding thirst for whisky. There being no saloons, he tried a drug store. There he was told he could get whisky only on the prescription of a physician. He called upon a doctor, who refused to give him a prescription because he could find nothing about his constitution that was wrong.

"Well, what am I going to do about it, doc?" inquired the thirsty man in tones of desperation. He would have been willing to contract the smallpox for the taste of a bit of hot stuff at just that moment.

The doctor was a good-natured sort of a fellow and in a wise sort of tone he dropped the suggestion that there was a nest of snakes not more than a mile and a half from town and if he could manage to get bit by a snake he would have to have whisky as an antidote, and the doctor would make out the prescription. The man with a thirst was overjoyed and started off to the snake cave. An hour and a half later he returned, tired, dusty and disconsolate.

"Well, did you do as I told you?" inquired the doctor.

"My dear sir," replied the man with the thirst, "I called on the snakes, but discovered that every one of them had their bites engaged for six months ahead. I quit."

## A BROOM BOOM.

### Broom Corn Crop Only About Half The Usual.

In sixty days the housewife will be forced to pay more for her brooms.

The broom corn crop is short one-half of what it usually is. When the crop is harvested and the factories begin to make sweepers from it the prices will take a jump.

The local dealers say it is impossible to say how big the advance will be, but that it is sure to come. The corn is now selling at \$150 a ton and the new crop will bring even higher prices. A light crop was accompanied with rains & bugs will make the supply one-half what it was last year, so it is said by those in a position to know.

The largest broom corn section is in Central Illinois. Last year it produced 20,000 tons of corn and this year the crop will not reach over 10,000 tons. The section in Kansas produced 12,000 tons last year will raise just 150 tons.

Reports have been secured from all the big crops. They show such a great falling off that it is feared that it will be hard to secure the desired supply. A report from Texas states that not over six car loads will be sent out of that state.

The crop will not reach the factories until the first of October. Then the advance in brooms can be expected at once. The advance in cotton caused the Texas growers to abandon their broom corn crop.

All the broom factories are making campaign brooms.

Labels with both party designs have been gotten up and some are beautiful. The idea was to test the feeling by the sale of brooms. An Ohio firm was surprised to find that as many Bryan brooms were demanded in that state as those with the McKinley design. The Evansville broom factory, one of the largest in the United States, finds the sale of Bryan and McKinley brooms to be about equal. A carload of brooms shipped by the Evansville factory to Colorado all bore the Bryan label.—Owensboro Messenger.
